DETAILED ACTION

Allowable Subject Matter

1. Claims 1-17, 18, and 20 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 15 were allowed in the previous office action (filed on 6/30/05) (including the examiner's statement of reasons for allowance). Claims 2-14 are depended on claim 1; and claims 16-17 are depended on claim 15. Claim 19 has been cancelled by applicant, independent claim 18 including the allowable subject matter (as recited in the previous claim 19).

As to claim 18, the prior of record fails to disclose *an assembly comprising: an integrated circuit die having an output driver exhibiting an output impedance; a conductor exhibiting a characteristic impedance; means for inserting an impedance into a signal path between the output driver and the conductor; wherein the signal path between the output driver and the conductor exhibits an intervening impedance, and wherein the intervening impedance plus the output impedance is substantially equal to the characteristic impedance; and in combination with other claimed features as recited in independent claim 18, claim 20 is depended on claim 18.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
